Choose the plan that's right for **your** business

Your HR Cloud should be catered to you and your employees' needs. With JustLogin HR Cloud, HR can have a central place to manage employees' details, payroll, leave, attendance, claims and benefits. Your employees are also empowered to access their information and make requests and submissions on their mobile.

We have a range of plans available catering to all kinds of business needs. Choose the one that works for you.

Plan	Price	Description
Starter	$5/user/month	Ideal if you have less than 10 employees, *Starter* gives you the benefits of a full-service Payroll system, helping you comply with payroll regulations and giving your employees flexibility to view their payslips on mobile.
Standard MOST POPULAR	$10/user/month	As your headcount grows, leave management becomes essential. With *Standard*, enjoy the full benefits of an integrated Payroll and Leave system. Employees and managers can even apply and approve leave on mobile.
Business	$15/user/month	Ideal for industries with shift workers like F&B, Retail and Hospitality, *Business* comes with a mobile Time & Attendance system to help you track employees at multiple locations in real-time. Payroll and Leave integration ensures rosters are updated with leave details and overtime pay can be automatically calculated.
Professional	$20/user/month	Ideal for businesses looking at fully automating their HR processes, *Professional* just does it all. Enjoy the full range of payroll integration. If your employees are always commuting and travelling for work, or just incurring business expenses, you will find our self-service Claims system handy for easy filing and approval of claims.
